

Intra Disc Braked Axles Guarantee of Competence ON HIGHWAY EXTENSION

In addition to SAF-Holland SA standard warranty terms the axles set out below carry the following Guarantee of Competence when correctly installed, maintained and conforming to the ON HIGHWAY conditions set out below.

Axle hub units, Shock Absorbers, 3D Bushes should be free from defects in material and workmanship under normal use and service for a period of:

60 Months or 1,000,000 kms whichever comes first. From the date of first registration of the vehicle

Brake calipers should be free from defects in material and workmanship under normal use and service for a period of:

24 Months From the date of first registration of the vehicle

Excluded from this Guarantee are normal wear and tear items, component failure due to contamination from an external source, damage due to extreme force, incorrect operation and/or subsequent damage.

Brake Balance between the truck and trailer must be checked regularly and any resultant damage, including that of wheel bearings, will not be covered if the balance is out side recommendation.

Damage to components, including premature brake lining wear, through Brake Code specifications being used, which differ from our specified data, will not be covered under the terms of this warranty.

Regular inspection and preventative maintenance procedures must be carried out in accordance with the SAF maintenance manual and Gough Transpecs (Transpecs) service inspections.

The use of non genuine parts, including friction material, invalidates this warranty.

This Guarantee is void on this product if any alterations or modifications have been carried out to it out side SAF-Holland normal service bulletins.

No charges transportation or for labour performed on SAF-Holland products by unauthorised persons will be allowed under this warranty.

Neither SAF-Holland nor Transpecs shall be liable, in any event, for proximate, incidental, consequential or other damages for the loss of production or injury or property arising from any claim on this warranty

Before any repairs are carried out that may involve the above Guarantee, an authorisation number must be obtained from Transpecs and a SAF-Holland service report form completed. Please refer to the Transpecs SAF warranty handbook for further details.

Axle and Suspension Aggregates Covered by this Guarantee of Competence:

**All Intra Plus suspension assemblies fitted with the following axles:
BI9-19W, BIL9-19W and ZI9-19W**

On Highway Terms and Conditions

Vehicles must have been used for 90% or above of there operating life on sealed highway surfaces.

Year 4 and 5 Transport Specialties service inspections must have been carried out by an authorised workshop within the correct time frame.

**Vehicles specifically excluded without written exception, from the On Highway extension are:
Logging Units, Tipper Trailers, Fertiliser Spreaders and Vehicles which are regularly immersed in water or are subject to frequent river fording.**
